Mr. Burrows;

WSGH is a Southern Gospel Radio Station that signed on the air December 1, 1986. We operate on the 1040 AM band with 10,000 watts, I have enclosed a coverage map for your files. Our license allows us to broadcast during the daylight hours only, we receive the news via Satelite Radio Network (SRN News) and we have received several DX letters.

I am unable to answer your question as to the fartherest point we have been requested information from - I do not keep these letters.

WSGH has sister stations in Claremont, N.C. WCXN 1170 AM and WPAR 88.1 FM....Smithfielf, VA. WKGM 940 AM...a new station in Mint Hill, N.C. (near Charlotte) another AM WNOW (frequency unknown to me).

I trust this has been a help to you. Good luck in your stations and frequencies hunt!

Sincerely,

Lewis B. Hughes
